The Poisoned Apple

Posted on March 7th, 2010 by Paolo | [No Comments »](#)

Freedom in free software is more a duty than a right. Ethics should drive our everyday choices if we want out to be a better world tomorrow.

How To Understand When It's Time To Stop Working

Posted on February 20th, 2010 by Paolo | [2 Comments »](#)

As a freelance you probably love your work. I mean, if that's not true, you'll find this article completely useless: just stop freelancing and find a new, enticing job!

If – as I guess – you are like me, it's sometimes hard to understand when you are crossing the line.
